The Premises:

The flat was in a nice part of town, just a 5 or 10 minute walk from the train station, and with metered parking outside. If you can't get a space directly outside, there are plenty of nearby streets with parking spaces. Flat was clean and very respectable.

The Lady:

Very pretty face, especially her smile. Fantastic body, particularly her big soft breasts and her lovely smooth skin. The second her clothes are off, you'll be visibly excited. Her pictures are very real, but as the saying goes, "they don't do her justice". Damn right they don't.

The Story:

Started off with a nice massage and a chat. This was my second time seeing Hannah (last time was 4 months ago), and it soon became obvious that she genuinely remembered me from just that one meeting, which was a really nice touch. Onto covered oral and then me trying to return the favour somewhat, followed by a really good, energetic shag, with Hannah getting herself into all manner of interesting positions. Finished off with doggy (my favourite) and then spent the rest of the time just chatting, kissing and touching. As good a shagger as she is (among the best I've had), this was actually my favourite part, because she is a great laugh, has some excellent stories, and it really felt like she was there because she wanted to hang out, rather than because it's her job. A very special girl indeed, and if there was a competition to find the best girl in Aberdeen, I would be rooting for her. No amount of superlatives do her justice. The only bad thing about this punt was that it eventually finished.
