### The Story:

My first party and boy did I enjoy it!

The tube was down and so there were fewer guys than expected, about 10 at kick-off and the number reduced as the party went on.

I managed to play with all the girls in one capacity or another. As it was my first time I was quite nervous, but made to feel very welcome and included. The girls are very keen to get everyone involved and if you let them will keep you playing downstairs for the whole duration. I came 3 times and was very close to 4 by the end of playtime.

This is the place to go if you want to experience the fun and sheer joy of shared sex. If you look on the website, see a girl you like and expect to get her all to yourself you'll be disappointed. The aim of the game is to sample as much as possible!

There wasn't too much multiple guys on girl action (shame!) due to the reduced numbers, but by the end I had 3 girls on me all doing their best to pleasure me to be pleased in return.

Without doubt the best sexual experience of my life - the sheer level of fun and joy in the place made it a real pleasure to be there. Antonia ran the bedroom bit very well, ensuring that everyone was playing and not just watching, and Moss and Dwayne upstairs kept up the conversation and drinks for those who were flagging.

All in all a magnificent time, and I can't recommend LMP highly enough. I will be back as soon as funds allow, if only to hear "do you want to play?" again!
