The Premises:

Aisha has a very nice flat about 5 to 10 minutes walk from Paddington train/tube station, I got a little lost so it may be closer to 5 than the 10 minutes it took me. The flat is in a safe area and was clean and very well maintained and cared for. I had to visit the toilet on my arrival and apart from being immaculate there was soap and a clean hand towel, even the toilet roll was neatly folded, such is the attention to detail.

The Lady:

Aisha looks like the photos on her site. She is small and beautiful and very sexy.

The Story:

Aisha is what you want when you go to see an escort. She is physically beautiful, she has a lovely friendly personality. She is sexy, focused on making sure you have a good time, and when you're intimate she can be as dirty as hell. We started with a lovely shared bath and I felt relaxed and pampered. Then she got more intimate and I felt something else :-). After we retired to the bedroom (there was porn playing on a big screen and other then noticing it when we went in I didn't notice it at all) and she made the remainder of our time together a marvelous blur. I could give you a detailed account of what we did, but it would be pointless as Aisha does not seem to have a routine, she gives you what YOU want, and she does it wonderfully.

Aisha has to be one of the best escorts available, do yourself a favour save up and go see her. Her new prices are a bit more than I would normally pay, but she's well worth it. I'm already planning on seeing her again as soon as I can!
