### The Story:

Alexis' oral skills were much as described though not among the best I have experienced (it is fair to say that I am rather fond of the experience). But I think she might have been having an off day. She is without question sexy and charming and, yes, the posh accent is a turn-on. She took a big load in her mouth and her swallow has to be the best I have seen, scooping up a missed bit with her finger and putting it in her mouth as she looked straight at me.
