The Lady:

Most probably an EE, about 20 years old, slim, average height, bottle black hair, large enhanced breasts, pretty but with some acne flaws in her complexion, fully shaved between the legs with some stubble.

The Story:

I pride myself on getting the best out of people which, evidenced by a comparatively successful punting career, extends to wgs. I am sorry, however, to have to admit to having failed badly with Flori.

Matters started off on the wrong footing when she tried to charge me a "tip" of ?100 to take her basque off. Hey - I wasn't born yesterday. I've been frequenting this walkup for years with dozens of excellent experiences with dozens of ladies under my belt so to speak and ?30 has always included a full strip. I know a rip off when I see one.

The ?100 quickly dropped to ?20 when she saw the bemused expression on my face. I told her to forget it and was about to walk when she relented. I regretted it afterwards as her mega sulk destroyed the ambience and it soon got to the stage that I wanted to finish as quickly as she did.

It wasn't remotely satisfying and afterwards I'd wished I gone elsewhere. There are plenty of ladies in walkupland who are much better and few worse. My advice to anyone entertaining thoughts of seeing her is to carefully reevaluate their options unless they relish being taken for a mug. This is a pity as I've repeated recommended these premises on the message board as being one of the more reliable addresses in Soho but at the moment it is not.
