The Premises:

This is a superb new parlour in a new block of apartments oppposite the Mail Box in Birmingham City Centre. There's lots of parking nearby and the apartment itself is a real cut above the norm - especially at the price.

This establishment is quite new - and the decor and staff are really from a different price bracket. They operate as a straight massage outfit, with two properly trained, pretty, Thai masseuses - that is the link I have given - and that's well worth doing if you need to relax... but if you want something more there are usually 2 girls to see to your every need offering "Full Service" from ?50! All servcies are usually on offer - perfect!

The Lady:

Nicole was a dark brown Thai Goddess! She came into the room wearing a smile and a yellow leather mini skirt which barely covered a skimmy black thong framing her beautiful arse.

The Story:

As she came in, Nicole bent over the bedside table to let me have a good look at her gorgeous shapely rear, and then she approached me and gave me a long, lingering kiss before she helped me to undress.

She slipped out of her thong and lay down on the bed with her legs apart and said "I want you to kiss me here!" as she slid a finger into her shaven brown pussy.

She closed her eyes, arched her back and shuddered as I began to lick her, saying "If you keep doing that I'm going to come" - and after a few minutes she really did!

Then she asked to to lie down, face up, and she lowered herself onto me so I could continue licking her sweet pussy while she began to suck my rock hard cock. We carried on in 69 for some time before she must have sensed I was ready to unload and she shifted her arse over my mouth and pushed back hard so my tongue began to really enter her delicious ring.

This was so wanton and horny it sent me right over the edge, and I came in buckets as she sucked

me dry.

Then this wonderful vixen gave me a sensuous massage for the rest of our time (which ran slightly over) - with a soft and loving touch that left me feeling on cloud nine...

Very highly recommended - I have only had these kind of experiences before at place like Olin in Mayfair. I have returned since and although the girls do change I have been very very impressed on every subsequent visit. I kind of want to keep the place secret so I don't have trouble getting an appointment, but the lovely owner, Ling, made me promise to write something!

So, if you like Oriental shops give this one a go - and treat Ling and Nee kindly and with respect (they're such sweet and graceful ladies - you'll see what I mean when you meet them).
