The Story:

Last day in Leeds on a buisness trip and after my last visit to diamond thought I would revisit the place before the long jouney home. Glad I didi because I struck gold. Megan is one of those girls who enjoys what she does and ensures you have a great time . No graphic details will just say that the girl love her owo during the hour we must have been in most positions and Megan was a pleasure to be with that wicked smile will keep me happy all the way home. On top of all this she has a great personality and is so easy to talk to. If only work would reallocated up here I would be happy.
