The Premises:

A quiet estate, well kept and safe. Helen prefers you not to park directly outside her house. The house was clean, tidy and well kept. It felt like a home

The Lady:

Helen is tall and slim, blonde and quite small built on top. She was wearing a smart black and white suit with dark stockings. Very nice to look at and pleasant to talk to

The Story:

When we arrived Helen offered me a drink and we chatted for a while. As with all of the other ladies in Judy's group, she is confident and self assured and enjoys her encounters. She asked me to settle the commercial arrangements and then after a little more chat she invited me upstairs to the bedroom. Once in there the lady with the slightly business like air turned into something else. First of all, kissing and stroking all over very enthusiastically. She started to undress for me and when her top came off I could see she was wearing a support bra which covered nothing. Her breasts might be small but her nipples were large and very sensitive. She helped me undress slowly and I took her skirt off. We lay on the bed in our underwear which did not stay on for long. Then she gave me a lovely long oral session (uncovered). She knew exactly how to arouse a man. Helen also enjoys receiving oral and loved it when we tried out a 69. She is quite vocal and lets you know when you have found the right spot. After a while she slipped a very tight condom on me and lay on top. I slid in very easily and we squirmed together like that for some time. I asked her to let me come into her from behind and she stood by the end of the bed where, she told me, I could see everything in the wardrobe mirror. She was right. Incidentally she has a lovely bum, lovely to stroke and enjoys her nipples and clitoris played with in that position. Finally we returned to the bed in the missionary position with her legs over my shoulders and came to a lovely shuddering climax.
