The Story:

Second visit to Jenny for a 15 min oral only session; she doesn't normally offer these, but once you have seen her, then they might be on offer.

We sorted the finances out and went to the bedroom, where I got undressed and then she allowed me to take off her pretty bra and knickers.

She french kissed me, it was very good and she smelt nice.

She laid on the edge of the bed and parted her legs so I could go down on her shaved pussy. She has nice small lips and a tidy pussy, which I like to lick.

Last time she had a fit of the giggles as my beard was tickling her thighs, so I had trimmed it back but also by opening her legs a bit more I went down on her and licked up and down her slit and licked around her clit.

She told me it was nice, I said I was 'writing' her name around and on her clit with my tongue, which amused her.

I made sure that she was nice and wet and then gently inserted two fingers all the way in. I gently frigged her, and licked her pussy and clit some more.

After a while, I could feel her getting very wet and she squirted a little which I swallowed.

Next it was my turn for some oral pleasure, so I laid back and Jenny lay between my legs and took my cock into her soft mouth.

She held the shaft in the hand low down and took the head and most of the shaft into her soft mouth and started bobbing her head up and down and wanking me into her mouth.

She has lovely soft lips and a warm moist mouth. I asked her to dribble my cum down my shaft as I find it a turn on and then lick it back up.

After a few minutes and told her I was going to cum and she speeded up and took me deeper until I shot 3 days of spunk into her mouth.

She let my cum dribble down my shaft and continued wanking me, catching any remaining spunk in her mouth.

Once I had stopped spurting, she came up looked at me and smiled with some cum on her lips which I wiped off and put into my mouth.

Anyway, a lovely chatty and reliable lass, she responds well to requests and I shall be back again and again.
