The Premises:

An apartment building just a few minutes walk away from South Kensington underground station. The place was nice enough.

The Lady:

The most beautiful escort I have ever spent time with! Unlike a lot of other agency girls that look very different from their pictures, her photos are almost 100% accurate, with only a minimum of photoshopping. It's just mind-blowing how gorgeous her face and body looks! I felt like I really hit the jackpot with this one!

The Story:

All I will say is that I had a very, very pleasurable experience with her. And she's so damn beautiful! I will definitely become her regular client from now on. As long as she is still working, I will not see any other escort apart from her. I want to go back again and again!
