The Story:

Tiffany is someone you may recognise if like me you bulk buy your Kleenex at Costco, as she has starred in a few action movies of the blue genre. I was a little terrified beforehand, having looked up a couple of her clips for research purposes - one contained 5 full minutes of her hitting someone's genitals which laughing a lot!

With her cropped blond hair and cute smiley face, she looks like she has never even heard the word penis before, but do not be fooled - behind those innocent eyes is a mind full of filth :)

She is very friendly and a nice kisser, and would be fine for a GFE, but I enjoyed more of a PSE with her - after all, why book a porn star and not let her do what she does best? Tiffany is very laid back but also quite open minded, and we explored a couple of more kinky things for a while which was a fun diversion from the more standard activities.

A really great time with a very hot, nice lady from this friendly and honest agency.
