The Premises:

Not very discreet, a slip road off a main motorway with cars going past non stop. Inside was clean.

The Lady:

A let down, she has a belly and boobs are not shaped very well. Tattoos one on her lower leg which is not very attractive

The Story:

O dear where to start. Victoria is russian and was huffing and puffing before I even arrived on the phone as I had a little trouble finding the place.

I should have gone back to the car there and then however as I made the effort and was feeling horny thought I'd carry on and see what was to come of it...wish I hadn't bothered, not very welcoming, no hug or kiss, not a GFE as advertised. Got up to the room and she seemed so not bothered and uninterested, didn't really want to kiss and asked me to take my clothes off straight away. When she took her clothes off, this crop top and denim skirt I was able to see her belly! I was really thinking I'd like to grab my £50 back and go then. We stood over the bed touching one another up, some kissing for about 5 mins.

Then onto the bed. She didn't want me to go down on her and thank heavens I didn't, she stank bad, she didn't want me to finger her either! She got moody. The French kissing was poor and effortless, the BJ was covered and the best thing about the whole experience. Fucked her in sideways position for a minute or so then she got on top and I cum. Just wanted to leave. Was out after 15 mins not feeling good, just dirty and robbed. Terrible. Enough to make you consider if you want to ever go punting again. The worst I have had, avoid.
