The Premises:

Very nice, clean flat, probably costs a fortune to rent... easy to find and decribed many times before.

The Lady:

I'm not sure if it is the economic downturn or maybe I was lucky, but there were 7 girls for 7 guys... the girls were all lovely, sexy and enthusiastic... I won't comment on the guys.

The Story:

I was in paradise... 90 minutes of very stiff cock getting the attention of two, sometimes three girls... giving BJs as a pair; one sitting on my face whilst the other rode me cowboy style; fucking one from behind whilst snogging the other... and the girls almost queuing to get in on the action. It was like the best porno movie.

Unfortunately after my second coming I knew I would not be able to perfrom any more... I could barely walk... after I'd showered and dressed I saw one guy on the bed with four girls... lucky bastard.

As I walked out I saw the familiar orange light of a cab, and waved it down. The cabbie pointed out just how many orange lights were available... I'm afraid it is the economy.
