The Story:

I've been visiting the office since 2006 and I've never had a bad experience there until now so I felt it necessary to warn others.

Kylie was as described by the maid but what she failed to tell me was that Kylie was a miserable cold ice queen.

Kylie entered the room and grumpily asked me to lye on my front and gave me a half hearted massage whilst she appeared to sigh and tut. After approximately 20 seconds of wafting I was asked to turn over. She was already trying to put a condom on the floppy little fellow when I asked for OWO. She responded with the price (?10) and I agreed.

She then proceeded to give me a painful blow job stopping every now and then to sigh and tut. It wasn't enjoyable and I was quite relieved when she asked if I wanted sex. The old man was still fairly limp but I gave it a go in hope that a miracle would happen. It didn't and for the first time ever I stopped the proceedings and got dressed. Kylie didnt hang around and left the room.

I have to say she's the worst working girl I've ever had the displeasure to meet. She's cold, miserable and sour faced. I called the office on my way home to complain but thought the best way would be to post on this site.
