The Premises:

Roxanne works from a flat in a cul-de-sac, just off one of the roundabouts on the Bristol ring road (but it's less than 10 minutes drive from temple meads). Nothing much has changed since my last report, other than her getting a new leather bed and TV. There's plenty of parking. I've always seen her for incalls, but I know she does outcalls as well.

The Lady:

Although she's in her mid to late thirties, Roxy has an absolutely stunning body that most girls in their twenties would be jealous of! Nice, sensitive pert breasts, fantastic round bum, and long, soft legs. She does have several tattoos, but they're all quite tasteful.

The Story:

I've been to see Roxanne many, many times and she never disappoints. My meeting with her on Saturday was unrushed as usual, and Roxy really puts the maximum into her work. We had plenty of oral, both ways, and sex in at least five positions. Cowgirl and doggy are some of her specialities I think, although I know many of her other regulars love her blowjobs. Unlike other girls in the area, she has no problem with any positions I've tried, and will happily try new things I've suggested.

A highly recommended girl, and one who could easily be charging much more. If you're in Bristol, you can't go far wrong with Roxanne.
