The Story:

Arrived and was welcomed in and offered a drink.

Was led to the bedroom and wasn't even left for a minute before Emmy walked in with a smile.

Said our hellos, unfortunately she doesn't speak much English and I speak only basic Spanish (well, I can order a pint and ask for where the toilet is) so communication is difficult but is a very friendly happy girl.

Sadly no kissing at all but I am a smoker so maybe she sensed to the whiff of tobacco.

But really enjoyed a long mutual groping, body kissing and licking and disrobing of each other in front of the mirror. Looking round and seeing our reflection was an incredible sight.

Moved down to give her RO which she certainly seemed to enjoy before she returned the favour with some nice OWO.

On with the rubber and into cowgirl while caressing her body before moving in to missionary to finish.

Relaxed for a while before giving her another session of RO, before OWO and a second round of doggy.

Real nice and friendly girl with a great body.

Kissing was a shame as I find it too restrictive without it but it may have just been my smoker's breath so in two minds about whether I'd see her again. She was very nice and friendly and had a great body and face (and after the twitpic reminded me of that image of us in the mirror) so I wouldn't rule out seeing her again.
