The Story:

Before getting into all the details I found this to be one of my best punting experiences because we clicked very well sexually and felt at ease to push sexual boundaries and get very naughty indeed! On to the punt...

Verity met me at the door looking stunning in a fitted and very classy tailored evening dress. It reminded me of a young Lady Diana in terms of elegance. I was welcomed and while Verity fixed me a drink, I jumped in to the shower for a quick freshen up and then went through to find Verity waiting for me in the bedroom.

We started with so very gentle and soft but full on kissing (DFK) with her hair falling over her face as she did so, giving great intimacy to the proceedings. Very soon I was exploring her body with my hands and her fitted dress was soon removed to reveal a quality panty and bra set. As we both became naked Verity teased be with kisses, often pulling away, I felt totally comfortable to be a little dominating and pull her on for the kiss etc and her to continue to tease me. This playfulness set the tone for the rest of the punt.

Soon I had moved down her body and was kissing, sucking and licking her ample and nicely formed breasts while exploring her pussy with my hand. I wanted to taste her so she moved up and straddled me, while I got busy with some reverse oral. Afterwards there was some more bouncing around the bed teasing each other, with her hair falling down over my face while embracing in kissing which was very erotic.

Verity moved down on me to give a owo bj. She had good technique and really deep throated and

then moved onto some ball licking. Then came a very pleasant surprise in the she went even further down and started to rim me. This was ecstatic (and I had a perfectly clean bot!), positioned myself to allow her more access and Verity licked away with huge enthusiasm!

I wanted to return the favour so I got Verity to switch into a 69 and I went to town on her pussy and arse. I licked, sucked, prodded and probed with fingers at tongue as if my life depended on it. Pussy licking, sustained rimming of her peachy arse all the while she was frantically rimming away on myself. Verity came to orgasm straddling myself, while below I had a finger working her clit, a finger working her pussy and a finger up her bum and at the same time eating her pussy, rimming away and spanking her bum! (at last I can multitask!).

After a minute or of horny full on snogging etc, she returned to sucking my cock. This time I held her head and really went hard face-fucking her. She came up gagging saying 'oh my god you face-fucking me!?' and went straight back down on my cock, so a hardcore face-fucking session followed, it was good, horny and filthy! Ace!

The oral and playing around had been so good we'd not got round to sex. So we soon put that right. I took her in the turtle position [url] <http://www.sexinfo101.com/turtle.shtml> [/url] but on the bed and pounded away for a while. This was her favourite position and I could tell, then a switch to Missionary for a little bit but I wanted to return to the oral action.

So back to cocking sucking, deep throating and face fucking while playing and exploring her body. I got my own back in the teasing stakes as I kept moving cock away from her mouth, making her chase my cock around, funny as fuck and very naughty on my part! But she seems to love a good nosh! I Straddled up a bit and motioned for verity to slip under me to then rim and ball lick while I worked with the hand towards a climax.

As the feelings started to come and I was nearing climax, Verity read this well and came round to take me in her mouth. I shot with good force splurging into her mouth and over her face. She sucked all the baby gravy out of my cock and then moved up and down the shaft, while I liked my mess off her face and then gave her a good spunky snog, as she said 'that was so horny!'

We lay together for a few minutes recovering wrapped in each other's arms chatting away. I then offered to give her a back massage for a few minutes which she seemed to enjoy and something I always enjoy giving.

The session came to a natural end, I jumped in the shower and got myself sorted. Verity did the same and I went out and about my day in a wonderful post punt haze.

Over all, a beautiful and classy young woman who has a very naughty side indeed! One of my favourite paid sex experiences I've had.
