### The Premises:

The London Retreat was, as always, clean and tidy, with a friendly efficient receptionist and a well equipped atmospheric dungeon.

### The Lady:

Cherry is taller than she appears on the website (5'8" plus heels?), early 20s at most and very attractive. Slim, with small boobs and outstanding nipples (in every sense), long gorgeous legs and a fantastic ass. She is very pretty and looks quite innocent. Not a natural Dom was my first impression, too "girl next door", lovely though, sexy, young, pretty, should be a great session. What do I know! She was a fantastic Mistress, firm, controlling, occasionally evil and always with humour.

### The Story:

I had an amazing time, Cherry is easy to get on with, she has a great sense of humour and understood perfectly both the practicalities and the ambience of the session I described. She included everything I asked for and threatened me with all sorts of things I hadn't. She has a way of looking you in the eye, assessing how far you are willing to go and taking you there or just past it. She also balances the pain and the pleasure really well. Most of all you really get the impression that she enjoys the BDSM scene, that she is having as much fun as you.

We included CBT with candle wax, amongst other painful treatments, bondage, and the most "generous" watersports I have ever had the pleasure of receiving, really impressive volume! We ended with ass worship and smothering while Cherry used her nails to bring me to orgasm. It was an incredibly erotic, enjoyable and satisfying session and I will be back as soon as possible.
