The Premises:

Very respectable neighbourhood. Nice flat. Edwardian, I believe. I was a little early - but was led directly to a bedroom on the ground floor at the end of the hallway. I passed a kitchen and a bathroom along the way. Elise was having a cigarette in the kitchen I think. She glanced over her shoulder at me and my heart raced.

The Lady:

In my opinion, she was much prettier than her pictures. There were times when she had her eyes closed that she reminded me very much of Blondie's Deborah Harry in her prime.

The Story:

I was pleased that I wasn't required to shower as I had done so just prior to heading out - and didn't want that eating into my time with Elise. One reason I chose Elise is because I heard she loves receiving oral - and I very much enjoy giving it.

We started with oral, then 69, then started fucking very early into the hour. I decided to pace myself - so went back down on her until I brought her to orgasm (I think!) Finished finally with 69 and then a massage to pad out the hour.

Very pretty, and sweet girl. Good GFE.
