The Story:

Fancied some fun, so I emailed Laura through her website over the weekend and after some very prompt and polite emails from Laura we arranged a meeting for the next day.

She arranged everything, and said i didnt have to pay for the hotel room and that she would call me just before our appointment.

So I made my way to her hotel and was nervous, but sure enough as Laura promised, she called me promptly just before my appointment and directed me to her discreet room and she soon put me at ease.

When I arrived at her room we got the paperwork sorted and Laura looked stunning just standing over me with some very nice hold ups on and nothing else as i had requested her to wear.

We started with some deep kissing and moved onto the bed straight away, where it all just seemed to flow really well, we chatted and laughed throughout like I had known her for years lol, was the perfect Girlfriend experience but with her naughty smile adding to the experience.

Plenty of eye contact throughout and lots of owo, reverse oral, sex with condom and she even asked me to take the condom off before getting me to stand over her and finishing off in her mouth and she doesnt miss a drop, even licking some off her wonderful breasts which had fell out of her mouth.

All in all a great session and will definately return soon as well as her great body she has a personality to match.
