The Story:

I visited Madam Gabriel on the strength of another field report. I texted her asking if she could do Lift and Carry and phoned at her request I discussed my exact requirements and we agreed on a session. From the start it was going wrong. She wasn't dressed as I asked and after spending about a second trying to lift me she refused point blank saying I would put her back out. I'd told her my weight BEFORE travelling. The whole session then degenerated into me riding her Knicker covered ass. This was okish until she asked me to get off whilst she changed into a thong (in reality skimpy lace knickers) and boots I'd asked for in the first place! She then leant over the bed asking me to rub up against her. I was getting hard until I inhaled through my nose. I could smell her and it wasn't pleasant, making me instantly flop. I shortened the session asking for a hand job, where I just about came. She had no intention of carrying me and I made a 110 mile round trip for something easily obtained in my own bed. In her favour she was chatty, offered me a shower and didn't attempt anything untoward. However, being shy of carrying me is possibly forgivable but bad personal hygiene is not! £30 seemed too good to be true and it was! I won't be going back!

Service Provider's Rebuttal

The lady writes:

I accept this person may have been disappointed with some of the content of his session. However, to state that I was not clean is a total untruth. I'm willing to take the rough with the smooth but that's one step too far.
