The Story:

Popped into Dean Street whilst passing through Soho.

I walked into the room and waited for the girl to show up. Just behind the maid she came in and wow. She was better than I what I had expected. As I was in a rush I asked just for sex. Gave her the money and when she came back in the room we made little conversation.

She gave me wipes to clean my hands which was the first for me. I complied and cleaned my hands and then started stroking my little member and she cried no! Dont touch that! Which was weird to say. Anyway she laid back asked me to start fucking her. I asked her to moan and she started moaning in OTT fashion. Which both made us laugh.

As I was leaving she punched me in the tummy in a friendly way which suggests to me that she does have a wicked side but unfortunately I think she may not like what she is doing.

Afterwards I gave her a peck on the cheek and and as I walked out the maid also wanted one. So gave her a kiss too.
