The Story:

Had a shower to start with whilst she went out of the room re-appeared when I'd just finished drying off.

Started off with a back massage which was nice then turned over for more of the same with lotion. Whilst massaging my front she also applied some lotion to my rising dick which was absolutely lovely. She removed her bra to reveal a lovely pair of tits with permanently erect nipples which just look better every time I see them. Christina then offered oral as to which point she rubbered me up and proceeded to give me a lovely blow job. Whilst this was happening her backside was facing me and I couldn't help but to coax her into the 69. Christina has a very lovely pussy which as inner lips that are longer than average and are a joy to you know what! On to sex in both missionary and doggy more oral on her and sucking those lovely nipples before finishing off on top. One of the best sessions with her and she never disappoints me. Marks out of 10/11!
