The Premises:

Nice, large flat in large block between Earls Ct Rd and High St Ken tubes. Roads deserted - apparently there was a big wedding on, but I had a different kind of 'union' in mind.

The Lady:

Venus hadn't been my first choice, but after being informed a couple of other girls in Kensington were unavailable, the Olina agency suggested her. And was my luck in! Venus is a very friendly, pretty Thai girl, with a flawlessly smooth, young body and fabulous natural boobs. Offered a drink and solo shower. Disco lights and pole were available!

The Story:

Venus asked me what I wanted to do and then worked hard to make sure I enjoyed myself. Wonderful kisser - I just couldn't get enough of those soft, velvet lips and her superb owo.

Whilst wearing only a mini-skirt, Venus then began teasing me by gently sliding her moist, shaven pussy along my hard shaft. This was so good, but she did get a bit carried away. She was gradually working herself into a bit of a lather, and she eventually asked me if I wanted sex with a voice that seemed to be pleading for me to say 'yes'. No way could I turn her down, so off with skirt, on with the janny, and she slowly lowered herself onto my fat cock, riding me slowly at first because she's quite tight. She gradually increased her rhythm and then she rode me harder, demanding I suck and squeeze her large brown nipples. Eventually we both came in a frenzy, and Venus seemed to be gasping for air. Whilst I was still throbbing deep inside her she leaned forward over me and kissed me with what seemed like real passion, and I could feel her heart pounding away.

She was very attentive afterwards, and very affectionate. We had a really nice chat (her English is very good) whilst she unwound me with a lovely skilled massage.

Wow! Highly recommended.
