### The Lady:

Very attractive (what I got to see). Petite, very tanned, tight arse and large breasts. Said on the phone that she was 27 but i would put her at mid 30's, but in great shape

### The Story:

So I went for the 50 GBP service and there was even a menu in the bedroom that said that it was ora with, french kissing and sex. Jodie came in and offered a massage and this as pretty poor, just lightly ran her hands across my back, nothing sensual at all, got the impression then that she was not interested. She asked me to turn over and put a condom on me, she was still in her dress and her underwear she faced away from me so all I got to see whas the back of her dress. I tried to stroke her ass but she offered nothing up at all. After the mechanical blow job she then asked wwhat position, I said her on top, she hitched up her dress and took off her knickers and got on. so pretty much still fully clothed. She didn't take me deep at all and it was the most un erotic experience. Such as shame as she looked as though she had a great figure and others have had great experiences at Secrets. Maybe she had just had a boob job and they were hurting?? who knows. HEr conversation was pretty limited, absoulutely felt like she wanted me out the door asap. For the record, I'm not unattractive, smelly or overweight and normally get on like a house on fire with the girls I visit!!

Real shame, hope it was just a bad day for her
