The Premises:

Her own flat ground floor flat no buzzer entry reasonably private no problem parking, no many people around on the day, quite safe

The Lady:

Both ladies mature Debbie has great tits early thirties, only been doing this a few weeks with Anne who is her mate, I am sure Debbie lives next door but would not admit to it. Anne is thin in her late fifties not a looker at all and a bit slow on the take up

The Story:

had a really good domination session from both ladies, told them i wanted fantasy role play of a delinquent arriving at a borstal care home to be abused by the controlling female staff, after sorting out the finances I was seromoniously stripped in the kitchen with my clothes going in a bin bag to be burnt what I was told. After a few sharp slaps for eyeballing one of them I was taken to the bathroom and made to sit and wash in a freezing cold bath, while in the bath Anne pulled down her Nickerson and pissed all over me while Debbie laughed at my shrivelled up dick. I was eventually taken out the bath dried off and tied to the bed to be used and abused. Overall it was good value and may get better next time, lacked a bit of imagination but part of that me have been my communication to them of what I wanted. But these ladies will do anything and seem to work well together, next time I may try Debbie on her own
