The Premises:

Clean, discrete, welcoming. Have no worries except that this a party and you may meet your boss!

The Lady:

This was the surprise. Expected a bunch of surly, world-weary working girls. All attractive, many stunning.

The Story:

I've been thinking of trying the party scene for some time but not sure if it's my thing. Getting naked in front of ther guys is tricky if you're in your mid-50's, particularly if you have a beer-belly and a wonkey leg. I need not have worried. All the other guys had cocks ranging from tiny to OMG; it really didn't matter. After the initial shock of being shown into a room with 3 girls and 5 blokes you get used to it pretty.

Main message I want to convey is that this is safe, friendly, the girls are lovely and you'll have fun. If ir's not your thing then you'll work this out pretty quickly.

Try it but make sure Sydney's on when you do. Yes, the tits are spectacular but when you're really not sure if you can cum there's no better to be with!
