The Premises:

Basic flat above shops nor far from railway station. Parking a pain if you don't know the area.

The Lady:

At least a dress size larger than her pictures, and you could add 10 years to her stated age without fear of over-exaggeration. Her face is blanked out but I would have to describe her as distinctly average-looking facially. Clearly visible breast reduction scars.

Distant personality. Detached to the point of autism. Soft-spoken Scouse lass. Difficult to establish any sort of rapport with. Such conversation exchanges as we did have were of the banal 'what have you been doing?' and 'what are you doing next?' variety.

The Story:

Had originally hot-listed her as her profile pictures didn't look too bad. and she was reasonably local, therefore convenient, and had masses of positive feedback. Decided to see her as I wanted a quick easy local punt in a hurry.

Once I saw her I changed from 1 hour booking to half hour. The covered oral was good enough to get me hard but penetration was impossible even in my fave doggie position. I think she just managed to weird me out too much, that and her not being that attractive.

What I can't get over is how many others have rated her so highly. It's not as if I'm that fussy.
