The Story:

Came in and went straight to business. Asked if I wanted anything other than missionary and if so, that would be extra. Not particularly friendly or talkative. Put a condom on me and proceeded with oral. Unenthusiastic sex. I came in missionary after around 40 mins and she quickly cleaned herself up. I asked her to stay for the remainder of my time but she told me I was happy and just left. Not sure why she got good reviews on the website. Definitely wont choose her again.
