The Lady:

Very attractive brunette. Long black hair and slender body. Breath smells of cigarettes tho.

The Story:

Initially I was impressed by her looks but got turned off by her lack of enthusiasm. Didn't allow me to perform oral on her, and had to struggle to convince her to receive a massage. Sex in missionary was so so. She complained about my 'fat' cock even tho its pretty ordinary in size really. Didn't like that she had cigarette breath, but if you're a smoker then it shouldn't matter. After I came, she cleaned herself up pretty quickly and was out the door.
