The Story:

This was my second encounter with Mandy at her flat in Swinton, I usually prefer second meets to first ones as you have a bit better idea of what you both like. I saw her for two hours this time and was it worth, yes, we had a lovely leisurely late afternoon meeting. She's only just over 5 foot tall and could almost be described as elfin, small natural and oh so kissable breasts with as been said before fantastic perky nipples you just want to suck on, a redhead too, my favourite!

Her oral technique is superb, she kept building me up and then slowing me back down until I couldn't hold back anymore and came into her mounth when she drank the lot down. After this we rested and chatted until I was built back up again, slipped on a condom and this time went for anal, what a lovely bum she has, so tight. After coming the second time I wasn't sure if I'd be up for a third time, but more playing including giving her shaved pussy some oral attention ended with us going at in missionary with her holding me tight and wrapping me with her legs as well as arms. After that a nice chat, a shower and both of us on our way with a smile on our faces. In the words of the film, "I'll be back".
