Place was nice enough, easy to find, well kept.

The Lady:

Russian, speaks good English. Not bad looking but her studio pics paint a better picture.

The Story:

This was a short notice punt, but she still had at least 30mins to get ready and was ok to do so. The alarm bells started to ring when she just sounded so disinterested on the phone. Decided to risk it as her reports on the other site were good.

After a little run around trying to find the flat, I was greeted by Christina. Nice looking girl, but I was a little disappointed.

Parted with cash, she disappears for 5mins. Was asked to get on the bed, where she started with a very poor covered oral. Barely any time passed and she got on top for cowgirl. She barely moved, and just gave the odd customary moan. After about a minute I was thinking this is a complete waste of time. Decided to get it over with and finished with a hand job.

Worst punt ever! Couldn't wait to get out of there. This punt was so bad that it has really made me reconsider the punting scene altogether, or just trust Punternet rather than the other site.
