The Premises:

Angel's place is a bit untidy, good thing I had read her reviews beforehand and knew what to expect. Similarly, she gave me her postcode and house number, but there are half a dozen flats at that address, so text messages ensued to guide me in.

The Lady:

Petite blonde who is in great physical shape thanks to lots of work put in at the gym. She seemed a bit self-conscious that her breasts aren't very big at the moment, something to do with gym work, but they are coming back and as I am more of a pussy and arse man, I wasn't worried. I would have preferred her without all the eye make up, she is good looking enough without it.

The Story:

Having seen that she advertised as a 24 hour service, I didn't think it unreasonable to call at 9am to set up an 11:30 appointment. It was 1.5 hours later when I got the text back, and no, she couldn't make it any earlier (my meeting finished earlier than expected). Got there at the appointed time but didn't know which flat she was in and while waiting for a reply got more texts: give me 10 minutes, then could I pick up some condoms from the shop down the road as hers had gone missing. I have to admit I was getting a bit frustrated by this stage and nearly decided to give up on it, but I'm glad I didn't.

Angel is a great punt and worth the wait. She's a genuine girl with a body that's in great shape and she is a very enthusiastic professional. If you are returning you could ask her to dress up for you in any one of her numerous outfits that she has hung around her room, or ask for a session to play with some of her many toys. I hope to have an excuse to return to Gloucester and do just that.

On this occasion I settled for the GFE. It is great to have a WG who is a good and willing kisser and she soon had my cock interested. I told her I wanted to lick her pussy, but she insisted on some OWO first. She's good at that and I had to stop her for fear of shooting my load too early. I enjoyed licking her with a couple of fingers inside her, but sadly couldn't quite get her to cum. Never mind, a little bit more OWO, then on with the mac and some doggy followed by her grinding away on top to bring me to a satisfying finish.

Nice chat afterwards really made me warm to Angel. So, I'm here to assure her regulars that despite what they may have heard she is very definitely still in business. Go, be good to her, she

deserves it for the great service she provides and her nice personality.
