The Premises:

The London Retreat is a very clean and professionally run establishment.

The Lady:

Kate is very attractive. I would say early 30's with a great body and long dark hair. Long legs, sexy body and great breasts with outstanding nipples.

The Story:

I had a great session with Kate. We did basic dom role play with lots of body worship and whipping and spanking. She just seemed to know right where the edge was. Almost too hard but not quite there, a very important skill in a dom. She then went at me with a strap on which I requested and enjoyed quite a bit, but the highlight of the session was when she tied me to the bed stood over me and whipped me and teased me with her pussy. She sat on my face and I worshiped her down there until she orgasmed. At this point we broke out of character and had great sex in several positions. I really wanted to see her again before I left town but I came down with a cold and didn't want to give it to her. Next time in London Kate is on the top of my list. Another really good session at the retreat and Kate is now my first choice for dom sessions in London.
