### The Story:

Sara is prettier than she appears in her pictures and has lovely deep blue eyes.

She kisses very deeply and passionately with tongues and big soft lips.

I had come for reverse O, fingering, owo and cim, which she agreed to in 15 mins.

Sara kissed me deeply and I put my hand up her nightie to find that she had no knickers on and she was already quite wet, so it gently seperated her lips and pushed two fingers inside her and rubbed her clit.

She seemed to like this, I certainly did.

We went upstairs and she jumped onto the bed and spread her legs. I asked her to hold her pussy lips open so that I could lick her and she reached around her thighs with both hands and spread her pussy lips, exposing her clit.

I licked up and down her clit and pussy lips and sucked her lips into my mouth. I licked up and down her slit and got my tongue as deep into her pussy as I could and then inserted two fingers and friggd her to orgasm.

Then it was my turn for owo and cumming in her soft and warm mouth.

She sucked me off whilst looking at me , nice and deep, soft lips around my head and shaft whilst wanking me. I meant to ask for a snowball, but when I cam it was was forcefully and she kept on wanking and sucking until I stopped spurting and then swallowed the lot.

So, we only had the taste of my spunk in her mouth and no snowballing, mayber next time!

I will be back for more!
