The Lady:

The web site described her as Age 23, Height 5Ft 7, Hair Brunette, Bust 34C, Dress size 8.

The Story:

Arrived nearly 20 minutes late, but apologised. Said that she was in a rush, but I was the first client of the evening. Asked for a drink, but I only had soft drinks. She had bought a bottle of cider with her, but I had no bottle opener. Paid the money and stripped off, sat on the bed, and asked me what I wanted. I said a bit of everything. Was told that OWO was an extra 30 Pounds, which I declined. I gave her some oral and then lay back for her to return the complement. Everything seemed a bit rushed and I failed to react. A few minutes into this, she received a phone call. She even found it difficult to give even a hand job as by that time I had lost interest. She said she had to get to another client again. Made a phone call again. Her accent kept changing from a refined British accent to a London accent. She looked much slimmer than in the photographs on the web site, especially her boobs. She also had a strange faraway look in her eyes sometimes, as well. She left after 30 minutes, to see her next client.

Her details had been removed from the web site when she appeared, but she said that this was because she was already booked for the night. Using various internet tools, I was able to find her photographs and description again for this report.

I have submitted many reports in the past, but by name has disappeared, presumably as I have not posted for a long time, and I no longer have the email address I used to use.

This is probably one of the worst experiences I have had.
