The Premises:

Clean flat in a nice part of town, just a 5 minute walk from the train station. Usually there is plenty of parking in the surrounding streets, but I was unlucky tonight and ended up going round in circles a bit. Still got a space only 5 minutes away, though.

The Lady:

Dark hair, very tall, massive boobs. Photos are pretty accurate, although she's been on the photoshop diet (not exactly unexpected, though). If you are a boobs man like me, you'll be salivating the second she opens the door.

The Story:

Started off with a few pecks on the lips and touching each others' bodies. Taking off that bra and nibbling on those nipples was a treat. Oral was covered, which was disappointing as I'd read on another site that she offered OWO (as well as CIM)- it also didn't last particularly long. Sex was with me on top, and it was good, nice bit of eye contact throughout and a bit of grabbing of my head to bring me closer, which I liked. After coming, I asked for a massage, which was nothing particularly special, although to be fair she was having to do it one handed, and it also doesn't help one of my regular girls has increased my massage expectations considerably. Then onto round two, which didn't quite happen as for some reason my cock wasn't going into her - a bit more time on the oral might have helped, although height difference may have been a problem too as I sometimes had similar problems with a 6 foot ex-girlfriend, which is why I don't normally go for tall girls. So ended up just caressing and kissing those spectacular boobs.

Overall, a nice enough punt, although it fell a bit short of the GFE I was expecting, mainly due to the lack of French kissing (which is also listed as a favourite on another site...) as well as being ushered out slightly early because another punter was on his way - I'd blame the agency rather than her for that, though. Regardless of those quibbles she was a very nice girl, with an excellent sense of humour. Oh, did I mention she has massive boobs? Wouldn't say no to another round, but I don't think I'll be a regular. Worth a few notes of any man's money, anyway.
