The Lady:

Busty and curvaceous, pretty lady with a mix of Asia and Europe. J-lo ass and boobs you just love to stare at all day.

The Story:

I was in town for a meeting and needed to ease of the stress, my first choice Summer did a no show, so I picked Angel having had her within my radar for a long time. The decision was a good one as she turned out to be even better looking and younger than her site pics.

After a welcome kiss and sorting out the finances, she took the driving seat, total control which I liked, lots of DFK, OWO " which was 5* ".

I also enjoyed feasting on her soft and cute pu**y which was so smooth and this lady knows how to please, sex in different positions and she even tried out one of my best position that I've been fantasising for a while which was a plus.

Finished in a fantastic position, I was offered a drink of my choice and we had a chat for a while, after which I was offered a warm shower too.

Well what can I say 5* service and she delivers, try her don't think twice and you will not regret it. I will def book her again when am in town for my next meeting.

I am sure the boss will be wondering why am so keen to return to MK.
