The Story:

Having known Jade from a well known party establishment in London for a number of years, it was great to finally get to see her for the first time in a 1-2-1 situation, and am now wondering why i took so long to arrange the meeting.

Jade is your ultimate "Pocket Rocket", such a sweet and doll-like girl, you just want to pack her up in your bag and take home with you. Those enhanced breasts also just add to this image.

Meeting started with a long and passionate embrace with lots of tongue action and DFK, which could have just gone on and on, however i knew what was to come, hence suggested we go have a shower together, which was granted with a cheeky wink of eye. Had a assisted shower which also included her giving me a great BJ in the shower with the water just pouring all over us both.

Next it ws back into the bedroom and onto the bed for another deep session of DFK and BBBJ. Then proceeded to have sex in a number of positions, both me then her on top.

With about 10 mins to go decided i had no choice but to take off the condom and came all over those lovely fullsome breasts. Having done her bit it was then my turn to do some work, So proceeded to give her sweet shaved pussy a delicate licking, and within 5 mins i had her gripping my arms with a tight grip, she came and collapsed into a ball on the bed, mentioning the word "Safado" !!

All in all one of the best 1-2-1's have had for a long time, and will be arranging another one very soon. Highly recommnded girl who is more than happy to go out of her way to please you.
