The Premises:

A very clean, and welcoming reception. It was my first visit to a massage parlour, and I was made to feel relaxed and welcome as everything was explained to me.

The Lady:

A very attractive lady. Beautifull deep blue eyes, amazing figure. Long dark hair that was used later to good use, and a body to die for.

The Story:

As soon as she walked in to the room she knew it was my first time and put me straight at ease. She was very complimentary and the conversation flowed easily as I undressed and she removed the uniform. She looked truly stunning in a basque and fishnet stockings. We began with a truly amazing back massage with a little ball tickling, and using her sweeping hair to good effect. Now completely relaxed she asked me to turn over for a massage to my front. At this point she freed her breasts and began a full body to body massage. She slipped the condom on and began a session of oral. I have never felt such good oral with a condom. Soon after I was offered reverse oral. I jumped at the chance, maybe a little too keenly. This was by far my favourite part, she seemed to enjoy it making the appropriate moans and groans. Then she climbed on top for cowgirl. The view of her amazing body was almost too much. Then we switched to doggy where I came all too quickly. This woman was brilliant, and I feel that I didn't pay her enough compliments in her company. So this is to say thank you, and I hope to visit again soon.
