The Story:

I "retired" from punting two and a half years ago. My farewell appointment was described in my last review. I was tempted back once about a year ago by a specialist service and again now for a similar reason to see Stephanie.

Stephanie advertises "Nuru Massage". This isn't just any massage - Google it. It is something I have wanted to experience for many years. She not only advertises that but also a girlfriend experience with lots of kissing and cuddling which also attracted me.

I was not disappointed.

The kissing started before we entered the lift and seemed to continue throughout. Stephanie is a lovely young woman and did everything she could to ensure I had a very special and enjoyable visit. She is friendly, intelligent, interesting and - oh did I forget to say - beautiful!

I think the sight of her sitting naked above me, her full breasts contrasting with her slimmer but curvy body, smiling seductively, her hands on me as she got ready to ...

... well I think I need to return soon.

Oh - the nuru massage? I almost forgot with thinking of her beautiful smile, cuddles and kisses. The nuru massage lived up to all expectations. It was a delightfully erotic experience which I hope to repeat soon.

I would have returned the following day if it had been possible.
