The Premises:

Basement flat between Croydon and Thornton Heath. Fairly easy to find thanks to a landmark they always mention on the phone. The place itself, bar the bedroom, is pretty shabby. Let's just say I won't be using the toilet again.

The Lady:

She's described as half-indian, half-arab, but with an accent like hers, she could have been from Antarctica for all I knew!! Tall, tanned beauty, long black hair and piercing eyes. Good shaped body, smallish boobs (B/C cup) but very pert nipples. Very long legs too, which she can and will wrap around you like a python! She's got a quite distinctive voice too, fairly deep but still womanly.

The Story:

The woman is a right laugh! After the paperwork, she started with covered oral before I got hard which a little weird, but she got me hard quick, so I returned the favour. She even joked that I should join the business coz she said I made her cum in RO!! Then onto the main course, she seemed to like mish the most then doggy. A couple more changes then I finished on doggy. Afterwards, she said that if I come back, I should stay longer. She works Mondays and Thursdays...
