The Premises:

Her place was scrupulously clean, roomy and comfortable. Being in the posh central part of Brighton, it was certainly safe during the daytime. I can't vouch for ease of parking though.

The Lady:

Anne Marie is a very attractive Blonde lady in her early to middle thirties, although she looks rather younger. She has a slim petite figure, which she emphasised, by dressing in a nice tight fitting short dress.

She has a sexy Scandinavian accent, and lovely, dreamy, come to bed brown eyes. More importantly, she is very, very bubbly, being full of smiles and laughter, and it's clear she really makes an effort to connect.

One of the things I really like about Anne Marie is that she is a very genuine, "girl next door" type, as opposed to one of those escorts who tries to emulate celebs etc.

The Story:

I must confess, I did have a little difficulty finding her place at first, although that was entirely my fault. In the event I rang the Agency, and spoke to a helpful lady who provided me with Anne Marie's mobile no. I was then able to ring and get guided in.

Anne Marie met me at the door. As soon as I saw her, I thought "wow".

She showed me up the stairs to the top floor of what, in its time had been a fashionable Edwardian Villa. We started talking and, I think, "clicked" straight away, finding that we had a number of things in common.

I handed over the wedge, and we started to kiss. She kisses very passionately. We then both got naked and I lay on the bed and she gave me a very gentle massage, while we talked about 101 things. She is very open, and was happy to tell me about herself, and her life in Brighton and much else besides.

By this time I'd got really aroused by this lovely lady. While she was still giving me the massage, I spontaneously raised my upper body, and took her in my arms. We started to kiss passionately, I moved down her body, gently kissing her neck, her shoulders, then down to her attractive pierced tummy. She then asked me to lay on my back, and then gave me some gentle oral. In that, she seems to have her own technique that makes a lot of use of her tongue!

I then returned the compliment - by now aroused into a frenzy of sexual passion - licking, sucking, driving my tongue deep into her pussy. I could feel that she was getting aroused. Her pussy tasted sweeter than ripe strawberries. I had thought to do the same to her arsehole as well, but it didn't happen. That'll have to wait 'till next time. I moved on downwards, kissing the insides of her thighs, her nicely tanned legs, down to her feet which are a little ticklish. She has strong, healthy tanned feet. I suspect she likes walking barefoot when she can, but probably wouldn't admit it.

By now I was gagging for it. I felt sure she was too. What followed was a marathon fuck;- mish, cowgirl, doggy. I felt myself satisfyingly deep inside her. This lasted until the end of the session.

All in all Anne Marie is one of the loveliest, sexiest, most fuckable Escorts - or Ladies, I've ever met. I would recommend her most strongly to other Punters, but please, please, please treat her well. I for one do most certainly intend to see her again. She made me feel decades younger than my 62 years, in fact she brought back memories of my teenage years with adored girlfriends.
