The Story:

This was my first session with a Sub so was very nervous , Abbey put me at ease straight away. We went for the role play option with Abbey being a submissive schoolgirl , she looked stunning dressed in uniform and i would have been happy just to watch her for the hour but as i had paid it would be rude not to have a little fumble.

After round one was over we broke out of roleplay and started talking she is a very interesting girl. Mid conversation we started Round two and once again it was great.

I think if i lived in London I would become her best customer but for now i will just have to keep her as luxury in life.
