### The Premises:

Well known and with helpful receptionist.

### The Lady:

Aleisha is a young and very attractive black girl with a neat figure, intelligent eyes and a ready smile.

### The Story:

Happened to ring up and ask who was there and liked the sound of this young black girl. Turned out my instincts were right as Aleisha made a very good impression as soon as she walked into the room.

The receptionist had mentioned she was new in case I wanted to change my choice but I saw no reason to before I saw Aleisha and nothing would make me change after laying eyes on her.

We talked a lot. I was entirely happy with that and the main cause.

But we found lots to talk about and used the time to give each other massage.

We moved on to oral and then sex which was very satisfying and notable for Aleisha not producing any put-on noises but still being helpfully involved in everything.

We finished with a hand job and more chat.

Aleisha is obviously new to this work but it was pleasing to see she is taking to it without traumas, has no off-putting affectations and gives a lovely realistic service.

I look forward to further visits to Aleisha - I doubt she will be working for very long - and hope she settles into a comfortable routine so that she can get out of her work what she is looking for without being in any way bruised by it.

A lovely bright young woman.
