The Story:

Katie took the gift then started to dfk hands all over and plenty of tongue action. She soon had my member out for bbbj this was very good lots of hand and mouth action, soon had me erupting on her enormous breasts.

Gave reverse massage nice pussy likes some finger action, was making me hard so on with the rubber and entered her from behind. Was enjoying this and she was too swapped over for cowgirl this was good as well but il wanted to seeher sexy butt so back to doggie. She made some noises like she was coming which sent me over the edge as well.

Very good time with Katie she is very sexy and also a pleasant girl, would definately recommend.
