The Premises:

Her flat is a very nice apartment located in a smart and central part of London. It's within 5 minutes walk of two tube stations.

I had actually seen this lady twice in a space of one week.

By the time of the second visit, she had moved to a different flat but for some unknown reason the agency still sent me to her previous flat.

It was a bit embarrassing but all that was forgotten after 10 minutes with this polish minx.

The Lady:

Kimberly is a very pretty and fit lady with womanly curve in the right places.

In my view, she is much better looking than her pictures suggest which is a very pleasant surprise.

The Story:

In general, I do not do kiss & tell only when the experience is exceptionally good or really bad and guys you will be pleased to know that Kimberly falls into the former.

Also I tend to avoid seeing girls younger than 25 years of age simply on the basis that most girls below that age only offer vanilla sex and do not have the experience under the sheet to offer anything more (something I can't get at home).

One thing that marks Kimberly out is that she is probably no more than 22 years of age and yet already has the sexual experience of a woman 10 years older and that guys in my view is worth every penny of the 180 quid.

I won't go as far as saying that NO does not exist in her vocabulary but suffice to say she goes the extra mile to please and although she is doing this job for money but I also think that in her private life she is genuinely a very sexual person and enjoys sex (but again I might be wrong!).

During the session, I tried everything with her except anal and watersport. I have never tried anal sex before but have never been with a lady receptive to the idea (it takes two), and although I did not try anal with Kimberly it was however on her list of services. I would however like to try

watersports with her next time as I do like it.

Kimberly offered shag in all imaginable positions, CIM, spit body worship and also a first for me was when she used a dildo on me, the sensation and pleasure was very intense.

I will definately be seeing her again and hope to try watersport and anal.
