The Premises:

A typical Derby terraced property off Asbourne road. The place is her home, but is untidy and worst of all dirty. In short its a chaotic squalid dump which most people would be embarrassed to have people visit. Perhaps my standards are too high, so I really should tone it down and say at best its dirty and untidy.

The street itself is respectable with decent looking houses. On street parking is good and it is very discrete.

The Lady:

Nina is tall, about 5' 11" and very slim, painfully so. Long legs, almost shapeless body with no curves. Decent breasts and to be fair a reasonably good looking girl. I suspect that if you saw her dressed and made up she would turn heads. I didn't see her dressed as it was right in your face the moment I walked through the door as she was wearing bikini type underwear. Apart from the state of the place, so far so good.

The Story:

I am not going to go into detail now about our encounter as there is no point in off loading my anger here, but prospective punters do need to know some of it.

Firtly she has a hyper personality and talks constantly. She is one of those 'Noisy' but false 'F*** me baby' 'OOOoooh, Argg you made me cum' types. She is a clock watcher, telling me to hurry up and cum as her next appointment was due. She told me she had just finished her period, but it would be OK. But worst of all her fanny stank.

It was enough to put me off Punting.....
