The Story:

Problems began when she came out with costs would be higher if i wanted FK and OWO. What is listed on her page means nothing. Started off touching and some kissing but it was little pecks on lips every few minutes. onto bed and then no OWO on with the rubber and then she says come on top. Iwanted cowgirl first but she said she was tired WTF. It just went downhill from there. She held on to my hands so i wasn't touching her or moving about. Finished off with a HJ and as a finishing touch she wiped herself off and then handed me ONE wipe and waited for me to dress and leave
