Well reported before - clean and tidy, and so far my only experience of Stoke parlour scene

The Lady:

Pretty, short, black girl with lovely curves and nice natural chest. Piercing though left nipple.

The Story:

Alicia and Abigail on duty, so I chose Alicia. After a shower and a short wait in came Alicia, and we started off with a massage. She told me she only does the basic service but I think she might be telling fibs - maybe one look at me and all she wanted to do was the basic! ;-) Fairly adept back massage and then I turned over for a pleasurable CBJ. Alicia suggested doggy but I chose cowgirl. She was doing all the work at first but then I got her to lean forward a little and I picked things up. Built up a good head of steam and then I blew. A few nice murmers from Alicia towards the end. She was very quiet with me but sometimes the chemistry just isn't there. Good show all round though
